BarnDoor
SERIES

The **X-Slat Barn Door** design combines the rustic charm of barn-style doors with sleek, modern slats, making it versatile for a range of architectural styles.

This door is ideal for homes looking to blend **rustic authenticity** with **modern elegance**, making it a stylish and functional choice for various architectural styles.

This design complements the following home styles:

Modern Farmhouse – The iconic X-brace detailing is a staple of farmhouse design, while the slats add a contemporary twist, perfect for modern takes on this classic style.

Barn-Inspired or Industrial Homes – The barn door aesthetic fits seamlessly into homes that draw inspiration from industrial or barn-style architecture, offering a mix of rugged charm and clean lines.

Rustic Contemporary – For homes that mix traditional and modern design elements, the X-Slat Barn Door offers a rustic feel with a modern, minimalist slat pattern.

Country or Rural Homes – The X-brace design fits well with the down-to-earth, functional style of country or rural homes, adding both aesthetic appeal and practical functionality.

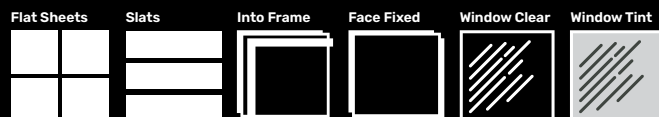

Colonial or Craftsman Homes – The combination of slats and X-braces adds a handcrafted look that pairs well with the detailed woodwork and cozy aesthetic of cottage and craftsman-style homes.
